WHY BANGLADESH

Bangladesh is an upcoming global leader in apparel manufacturing considering following facts:

- Bangladesh has more than 5,000 Ready-made garment (RMG) industries*
- Bangladesh has ranked fourth in the global apparel exports*
- Bangladesh is the largest knit tops exporter in the world*
- Bangladesh was second largest cotton pullover & jeans exporter to the EU*
- Bangladesh was second largest exporter to cotton trousers to the US last year*
- Bangladesh majority factories are setup vertically which means all procedures i.e. knitting, dyeing, finishing take place under one roof.
- Bangladesh has a huge pool of garment workers due to its 144 million population.
- Bangladesh has a good supply of local energy i.e. natural gas & coal.
- Bangladesh enjoys tariff-free access to Canada, Australia & Japan.
- Bangladesh is a democratic country with a largely homogeneous society with people living in harmony irrespective of race and religion.
- Bangladesh offers export-oriented industrial zones (EPZ) with infrastructural facilities and logistical support for foreign investors. The country is also developing its core infrastructures including - roads, highways, surface transport & port facilities for a better environment.

SUPPLY CHAIN

We have built unique & strong sourcing and supply chain management techniques that give quality services to our business partners. We are well-known for our expertise and professionalism in handling the entire process from concept to fulfillment.

Fashion Design

We compliment our client's design department. We create styling according to the client's specifications on fabrics, garments and accessories. We research on consumer demands and future trends. Using latest technology, we keep abreast of the developments in the fashion industry and initiate trendy products.

Yarn, Fabric & Accessories Research

We are in the process of developing an exclusive "Yarn & Fabric Library" which will be our clients elite research center. The library will keep our clients updated of the current trend and advice them regarding the country of production which will allow them to enjoy preferential tariffs and duties.

Product Development

With our well-established relationship with the factories including some of our own factories, we are able to get samples at the right quantity at the right time. We ensure that samples are made according to the client's specifications. We also re-create and modify popular styling to suit our clients demands.

Production Planning & Manufacturing Control

Together with our experienced staffs, we plan and organize the entire production process systematically. Every step of the process carefully planned and recorded. We monitor daily and weekly output to ensure timely delivery.

SUPPLY CHAIN

Quality Assurance

We ensure that factories produce according to our client's requirements and specifications. Our team of quality controllers conduct regular checks to assure quality is maintained at all times. Our QC's specialize in raw materials to finished goods inspection. They are also equipped with knowledge to give technical assistance to manufacturers and high-end tools to conduct precise checks.

Logistic Coordination & Export Documentation

We take care of all the necessary shipping arrangements and ensure all documentary procedures are made accordingly so that all shipments reach our clients promptly.

Raw Material Sourcing

Our strong team of researchers source and evaluate the mills & accessories manufacturers on the field. With our strong global network, we only seek yarn, fabric & accessories of the best quality and competitive price for our clients.

Factory Strength

We have a network of more than 20 factories in over Bangladesh. The factories specialize in all types of apparels. Our evaluation team and quality controllers always ensure that all the factories are well-equipped and qualified.

Order Negotiation

We safeguard client's interest at all times. We always offer a very competitive price with quality. We filter the factories carefully & ensure our client's expectations meet accordingly.

Work in Progress Supervision

We believe that the only way to ensure quality and timely delivery is to monitor an order from its inception. We follow through the order from fabric production and dyeing to delivery to the production line.
